

# MISSION BOULEVARD BRIDGE PROJECT

## Construction Notice: Week of January 26, 2026

### Site preparation activities planned for upcoming Mission Boulevard Bridge Project

Beginning on Monday, Jan. 26, crews will perform site preparation work for the Mission Boulevard Bridge Project in the Santa Ana River riverbed, and along the shoulder of Mission Boulevard. Intermittent work will continue in the area through mid-April, when bridge construction is expected to start.

Work will follow regulations as permitted by the project's environmental partners and project biologists will be present to monitor activities.

### WHAT TO EXPECT

#### Construction Hours 7 a.m. to 3:30 p.m.

- Vegetation removal is planned in the riverbed along with some tree removal in the shoulder on Mission Boulevard.
- Neighbors may notice noise typically associated with construction activities.
- The Santa Ana River Trail will remain open. Flaggers will stop trail traffic intermittently to allow equipment to cross the trail to the riverbed.
- Intermittent pre-construction activities are expected to continue through mid-April.
